The rest of the package

HOUSING
Usually inside an all-in figure at international firms; a separate allowance at regional firms.

FLIGHTS AND MEDICAL
Annual home flights and family medical cover are standard at most firms.

BONUS
Varies widely by firm, from discretionary to a set percentage of base.

PROFIT SHARE
Partners earn through profit share, which the figures above exclude.

The spread between firms is wider than the spread between levels. US and Magic Circle offices sit at the top of each band, regional and mid-sized international firms below it, and the gap widens with seniority. Move quickly when you find the right person; the strong candidates are usually in more than one process.
